County Rep. Continued

Being part of the Solid Waste committee, he encourages recycling glass and cardboard as a cost savings for the county. There is a company in Richfield Springs who is recycling glass deposited at the transfer stations. Cardboard recycling sales are improving also.

Several construction projects are wrapping up this fall. Mr. Wilber received an application for another storage unit on County Highway 48. He reported that the 2020 Code went into effect on May 12th.

Highway Report

Mr. Hurlburt reported on the completion of Taylor Road paving. The highway department has oiled and stoned all the places they have worked on this past summer. The new trailer is in operation, but they lost the engine in the roller. Another engine has been located.

Planning Board

A new fee schedule was completed and presented to the board by Lois Chernin for approval at the November meeting. The boundary agreement form has been finalized; it will be added to the Planning Board website page. Work continues on the simple lot split form.

Katie Higgins submitted her resignation via email, citing an inability to contribute as much as she would like under the current circumstances. The town board thanks her for the time she has served.

Ellen Dwyer expressed a concern about the new ATV track that is going in on Upper Green Street. She wonders how this will affect the noise level and traffic volume in this area. An email was received recently by Dan Wilber with a complaint about an ATV track on Briar Creek Road, as reported by the Town Clerk.

Latham Homes

Herb Fiederer, from Latham Homes, has a potential customer with two adjoining parcels who wishes to set up a manufactured home. After explaining the town process, the Town Clerk gave him a building permit application.
